The Need Is Growing. Our Resources Are Not.

WE NEED YOUR HELP NOW!

Dear HumaneCNY Supporter:

HumaneCNY is facing an urgent funding gap that is already limiting how many animals we can save. Veterinary costs, spay/neuter, medical procedures, and medication continue to rise at an unprecedented pace.

Animals in Central New York are depending on us more than ever. Every day, we care for animals who are sick, injured, abandoned, or simply out of time – and we don't want to turn our backs on them. **But right now, HumaneCNY is facing a financial crisis we cannot ignore.** We typically spend $310,000 annually on food, medications, and lifesaving veterinary care. However, donations received so far this year are falling far short of this budget. We have had to dip into our emergency savings and it's only August. We are in desperate need of donations to continue our work. These are expenses that cannot be delayed. When an animal is suffering, we act immediately. We always have. **However, the financial strain has become so severe that we've been forced to reduce our intake by 50%.** That means half the animals who need us – animals who would have been safe here – are being turned away. **If this financial situation continues without an increase in donations, it will lead to a closure of animal intake altogether.**

Your support directly determines how many animals we can save in the months ahead. Pineapple, a young stray hound mix, is just one example. While under anesthesia for her routine spay procedure, Pineapple unexpectedly went into cardiac arrest. HumaneCNY covered her emergency care, including a visit to a heart specialist who determined the appropriate course of action to get her spayed. The cost of her routine spay turned into a $2,600 procedure - nearly ten times the cost of a typical shelter spay!

Reducing our cat and dog intake breaks our hearts. And we know it breaks yours too. If you've ever adopted from us…if you've ever loved a rescue animal…if you believe every pet deserves safety and care...**please donate today.**

With gratitude,

Maureen Davison,
Executive Director

Animals like Pineapple depend on compassionate donors like you!

Please consider making a donation today. Your donation will directly determine how many animals we can say "yes" to tomorrow. Every gift helps close the funding gap, resume normal intake, and make sure no animal is turned away when they need urgent care.

Please detach the bottom portion and return it with your gift….**THANK YOU!**
